September 23, 2020

Dear Parents and Guardians,

Thank you for your collaboration and patience during this unprecedented time. Your willingness to pre-order meals, send your children to school with masks, assist your students to learn remotely, and keep your children home when they are sick is directly helping us get through this. Thank you.

As we approach October 1, we request you to complete another survey regarding your child's plans for the coming months. First, if your child is attending remotely, we ask you to let us know of your plans after October 1. In addition, for all students attending in remote or in person, we ask you to update your plans for transportation. Finally, we have included a prompt for your input on our current program.

Meals for all enrolled students continue to be available free of charge through our cafeteria program. Meals are free as a result of the successful application to the USDA for this service. Grab and Go meals are available for students in Remote Learning on the first student day of each week (usually Mondays) at 4:00pm for pick up of the week of meals in the high school parking lot. Please pre-order your meals on MyPaymentsPlus, or contact your school offices.

The feedback we received from previous surveys was incredibly valuable to our reopening and we look forward to continuing to improve our programs for our students. If you have any questions please reach out to your building administrators or me.

Sincerely,

Brian S. Reas  
Superintendent of Schools
