November 16, 2020

Dear School Community,

I am writing to inform you that a member of our East Haddam Middle School community tested positive for COVID-19. This member is isolating from the community.

In addition, a member of the Nathan Hale-Ray High School community is a close contact and is considered a probable case awaiting test results. Out of an abundance of caution, we have quarantined all members of the community considered possible close contacts awaiting test results. This quarantine includes 19 students and 4 staff members.

The district, in collaboration with Chatham Health District, has completed the contact tracing process. At this time, all contacts have been notified. We are required to maintain the confidentiality of our community members.

East Haddam Schools will continue to operate with 'In Person' learning as we have since the beginning of the school year.

Thank you for your support during this time. Questions can be directed to the COVID liaison at covid.liaison@easthaddamschools.org.

Sincerely,

Brian S. Reas
Superintendent of Schools
